

Table 4.- Multiple linear regression table of the factors associated with the measurement of the tracheobronchial angle.

Variables	b (IC95%)	β	P
Age (days)	0.00 (-0.01 a 0.00)	-0.03	0.501
Male	-1.46 (-3.54 a 0.62)	-0.07	0.169
Critically ill group	-7.74 (-12.46 a -3.02)	-0.16	0.001

b: slope of Regression. β : standardized regression coefficient. IC95%: 95% confidence interval
