

TABLE 5 Variation of basement elevation and depth of basement in linear resistivity (high or low) anomalous zone

S. N.	Profile Line (PL)	Landform	Basement surface replica of ground surface	Basement depth at		Remark
				higher elevation or upper reaches	lower elevation or in lower reaches of profile line	
11	PL - 11	Resistivity Depression	Yes	Deeper	Shallower	One anomalous depth of basement
12	PL - 12	Resistivity Depression	Yes	Deeper	Shallower	
13	PL - 13	Resistivity Depression	Yes	Deeper	Shallower
