

		Zero draft		Zero draft		OEWG-3 (aligned to First draft)		Report of the expert workshop on the monitoring framework	
		CBD/WG2020/2/3Add.1 ¹ 6 January 2020		CBD/SBSTTA/24/3/Add.1 ² 25 November 2020		CBD/WG2020/3/INF/2 ³ 5 August 2021		CBD/ID/OM/2022/1/2 ⁴ 12 July 2022	
		Goals	Targets	Goals/ Milestones*	Targets	Goals/ Milestones*	Targets	Goals	Targets
Genetic diversity (GD) indicators	Number of plant [and animal] genetic resources for food and agriculture secured in medium or long-term conservation facilities	Suggested indicator		Complementary indicator for Goal A		Complementary indicator for Goal A/ MilestoneA.3	Headline Indicator		Possible complementary indicator for Target 4, depending on whether target includes domesticated/ cultivated species
	Proportion of local breeds classified as being at risk, not at risk or at an unknown level of risk of extinction	Suggested indicator	Suggested indicator	Complementary indicator for Goal A		Complementary indicator for Goal A/ Milestone A.3			Possible complementary indicator for Target 5
	Comprehensiveness of conservation of socioeconomically as well as culturally valuable species.	Suggested indicator	Suggested indicator	Complementary indicator for Goal A		Complementary indicator for Goal A/ Milestone A.3		Potential complementary indicator if cultivated species included in Goal A	
	Genetic scorecard for wild species			Complementary indicator for Goal A		Complementary indicator for Goal A/ Milestone A.3			
	Number/ proportion of populations within species with effective population size (Ne) above 500 (versus those with Ne below 500)					Headline indicator for Goal A/ Milestone A.3		Headline Indicator for Goal A	Component indicator for Target 4
	Proportion of distinct populations maintained within species ^a			Headline indicator for Goal A (also Component indicator- ^a by species groups)		Component Indicator for Goal A		Possible component or complementary indicator. Noted challenge in measuring this	
	Number of species and populations in which genetic diversity is being monitored using DNA based methods								
Phylogenetic diversity (PD) indicators	Expected loss of Phylogenetic Diversity			Complementary indicator for Goal B		Complementary indicator for Goal B		Possible component or complementary indicator for Goals A or B	
	Changing status of Evolutionarily Distinct and Globally Endangered species (EDGE index)			Complementary indicator for Goal A	Complementary indicator for Target 3	Complementary indicator for Goal A/ Milestone A.3	Complementary indicator for Target 4	Complementary indicator for Goal A
